MCA COMPUTER APPLICATION

Pursuing

J.J College of arts & Science
CGPA-7.5

B.SC Computer Science 2020-2023

J.J College of arts & Science,
Pudukkottai
CGPA-8.4

PROJECTS

Project-1

Techy Software Website(Nexus-info Intern)

Description: The website will serve as a dynamic digital presence for a techy software company, showcasing their products, services, and expertise in the industry. It will feature an intuitive user interface, responsive design, and optimized performance for seamless browsing across devices.

Project-2

Quick Prep Hub

Built and deployed a web application using the MERN stack, enabling efficient management of educational resources like e-books, cheat sheets, and interview questions. Designed for seamless use by students and teachers.

Designed secure JWT authentication for personalized access and developed an efficient content upload system, allowing admins to manage and categorize educational materials.

Implemented search and filtering features for quick access to educational content, ensuring a responsive and user-friendly design
